PROFESSIONAL SUMMARY

Result-oriented, agile Software Developer, with a strong foundation in corporate leadership and project execution. Proven ability to bridge technical engineering and business logic, sharpened through career accelerators and civic-tech projects. Skilled in operating within high-performance, cross-functional teams, leveraging problem-solving, agile project planning, and strategic communication to deliver scalable, customer-centric digital solutions.

CORE COMPETENCIES

Project Coordination: Agile Methodology, Sprint Planning, Task Tracking (Asana/Trello).

Business Operations: Financial Literacy, Quality Control, Stakeholder Communication.

Technical Foundations: Git/GitHub, Python, JavaScript, HTML/CSS, Web Hosting.

Design & UI/UX: Figma, Responsive Web Design, Wireframing.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Python, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Bootstrap, Responsive Design

Backend & Databases: Node.js, Express.js, MongoDB, SQL, Python

Design & Tools: Figma (UI/UX), Git/GitHub, VS Code, Web Hosting/Deployment.

TECHNICAL EXPERIENCE & EDUCATION

ALX Africa | *Technology & Career Foundations* | **May 2025 – Dec 2025**

Applied **Agile frameworks** to manage complex technical projects, ensuring on-time delivery in a high-pressure environment.

Utilized **data-driven logic** to troubleshoot software bugs and optimize workflow efficiency.

Mastered **collaborative version control** (Asana, Trello) within peer-review settings to maintain integrity.

Power Learn Project (PLP) | *Software Development (MERN)* | **Feb 2025**

Architected and deployed **Full-Stack applications** using MongoDB, Express, React, and Node.js.

Engineered **RESTful APIs** and integrated frontend components to create seamless user experiences.

Collaborated in a **Sprint-based environment**, mimicking real-world software development team structures.

SheCodes | *Web Development & Responsive Design* | **2024**

Developed high-fidelity, **SEO-optimized** responsive websites using modern CSS techniques and Bootstrap.

Managed the end-to-end deployment process, taking projects from local environments to live web hosting.

Zindua School | *Web Design & UI/UX* | **2024**

Transformed complex user requirements into functional **Figma wireframes** and high-fidelity prototypes.

Implemented UI/UX principles to reduce user friction and improve interface accessibility.

Technical University of Mombasa | *Diploma in Catering & Accommodation* | **Graduated July 2022**

Operational Quality Assurance: Managed service workflows in high-volume environments, ensuring adherence to health, safety, and quality protocols.

Logistics & Inventory Management: Coordinated supply chains and inventory tracking to minimize waste and ensure resource availability.
